

**FOR IMMEDIATE RELEASE** Yikes! You're not a Democrat!

**I am not looking for likes, I am looking for yikes!**

We are in a fight that we did not ignite but it's fight or flight! If you are not a standard bearer of Democratic values, then please do not run for office as a Democrat. We need every Democrat to join our cause and stop the reversal of progress and gains our party leaders fought, bled, and died for!

It all begins here with each of you, and Shelby County Democrats must take the lead in Tennessee. We cannot keep giving up power locally while the TN General Assembly shuts off our mics, turns off our voting apparatus, kills our bills, refuses to share power, and uses the Super Majority to silence and cripple us!

If there was a Primary and you were selected as the Democratic nominee, then you are bound to your Democratic Bona fides if you want to do the following.

- 1) Be on a Democratic Primary Ballot
- 2) Serve as a Democrat elected official...win a general election or appointment by a Democrat Official

We cannot wait on others to lead who clearly are not worthy of the tasks. So, I ask for your help to set apart the unworthy and replace them with a proven focus on the needs of our people now and in the future.
